ANXIOUS TO START??

CAUSE MUST BE ONE/MORE OF THESE

- 1 **Toughest of all Exams- "Mother of all exams"**
- 2 **IAS aspirants have to study for long hours - 15-18 hours per day**
- 3 **Learn everything under the Sun**
- 4 **Aspirants with better academic record excel**
- 5 **Have to study a load of books for IAS exam**
- 6 **Online Coaching is much better**
- 7 **English medium IAS aspirants have an upper hand**
- 8 **You have to be lucky to pass IAS exam**
- 9 **Pass percentage is too low**

DON'T WORRY..... THEY ARE ALL MYTHS

Motivation

One amongst the Following Should Be Enough

The Civil Services career is one of the most sought after careers by the present generation. More and more candidates apply for this exam every year, but only a handful get past all the three stages of this examination. It is no wonder then, that the examination process is arduous and time-consuming.

There are many reasons as to why this career becomes attractive. Here is a list of the most important considerations that candidates take into account while choosing Civil Services over other careers:

- **Of Respect, Dignity, Power, Privileges and Perks:** Given that the officers populate many government offices at the helm, they are the ones who are in constant touch with the Power Corridors of the government. This makes people visualize these officers as someone who wields enough power to make a change in various spheres of governance. It instils a sense of respect in the minds of the people for the officers. Civil Servants are also paid a handsome salary. Civil Servants enjoy ample privileges alongside many perks.
- **Opportunity for Growth:** Career growth prospects in the Civil Services Community is guaranteed, provided the officer in question maintains his work culture. It reflects in his Annual Appraisal Report, which opens vistas for greater endeavours.
- **Public Service Orientation:** The strongest motivator for a person to enter Civil Services should be to harness the government machinery for the well-being of the Public. Many enter this stream with this benevolent idea at the back of their mind.

STILL UNCERTAIN ABOUT TREADING THIS PATH?

WELL, EXPERTS ARE AVAILABLE TO WALK ALONG

Majority in our country expect that a person in the age group of 21-35 to have a good job. Not having a job is seen as uncertainty, making most of the aspirants anxious to start with. Aiming to become a civil servant means that you have to set aside this expectation. Not saying that the journey will be a cakewalk but at every step expert guidance can come in really handy

Stages of the examination	Number of students
Prelims	10,58,000
Mains	10,564 (Usually 12 -13x of the vacancies)
Personality test	2300
Final selection	796 (Available Vacancies)

Parsing the above numbers with a little more detail will show that the actual competition comes down to as low as around 6000 candidates from across the country. This is because these will be your true and tough competitors who start with their eyes set on Main Examination, unlike the rest who focus only on the Preliminary Examination

To be equipped to run alongside the core competitors, it would be better to get inputs from the experts. Motivation alone wouldn't suffice. Guidance becomes essential to PLAN your studies, efficiently MANAGE time, COMPLETE the syllabus, learn TRICKS to solve MCQs for Preliminary exam, excel in ANSWER WRITING, gain insights to handle oneself in the INTERVIEW.

Does that mean you cannot do it on your own? Do you lack the abilities?.

You absolutely can and few have done it before. But it will only take more time to do it. Also, in some unfortunate cases one might lose the motivation.

SO, CAN YOU FIND A GOOD GUIDE?

YES!! CHECK WHETHER THE INSTITUTION TICKS THE FOLLOWING BOXES

- ☐ Syllabus Coverage
- ☐ Doubt Clearance anytime – Access to faculty
- ☐ Experienced Faculty
- ☐ Friendly staff
- ☐ Infrastructure
- ☐ Material and Current Affairs
- ☐ Readiness to give demo classes for different subjects
- ☐ Manageable batch Size (Not too small nor too big)

***Demo classes shouldn't be pre-planned only for the prospective candidates**

We, at Legacy IAS, believe that we have always lived up to the promises we make. We value feedback from our students the most, for we opine that it will ensure the growth of this institution even as we work on the feedbacks.

RESULTS SPEAK

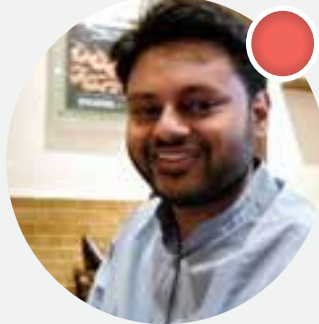

The source of confidence for this institution is the results it has been producing since its inception. A handsome number of young individuals have joined this institution with the dream of becoming IAS/IRS/IPS officers, and all those candidates who have been diligent have made it to the merit list. Given that we take limited admissions every year, speaking in terms of percentage would show results in proper light.

3 AMONGST EVERY 18 GET THROUGH FROM LEGACY IAS – THAT'S 16.66 %

I joined the academy from October 2020. The classes have been very good and their LRP program is very useful for preparation. It's the best! The staffs are very approachable and they come in everyday even if it's not their class that day! Whenever we need guidance, motivation or any doubts.. they are always available and explain it too good! My fav is Sagar sir, he takes economy as well as psychology, he makes them very interesting too!
